PROFILE

Creative Frontend Developer with a strong focus on delivering intuitive and engaging user interfaces. Proven ability to increase website performance, streamline workflows, and implement reusable components. Comfortable working in agile environments and collaborating closely with designers, backend engineers, and product teams to deliver high-quality features on time.

EDUCATION

2021-2024

VOORHEES COLLEGE,
THIRUVALLUVAR UNIVERSITY

- Bachelor of Computer Science
- CGPA: **63%**

PROJECT EXPERIENCE

Personal Portfolio Website

- **Features:** Built a collection of interactive web applications demonstrating expertise in **React, JavaScript**, and modern frontend tooling. Projects emphasize optimized performance, reusable components, API integration, and responsive layouts suitable for all screen sizes.
- **Tech Stack:** HTML, CSS, JAVASCRIPT, REACT.
- **WEBSITE:** https://ezhilrond.github.io/portfolio/

VISUALFLOW USING REACT

- **Features:** A single-page interactive web application built with React that dynamically updates its state based on user actions. Includes a dedicated video play feature where clicking the "Video" button triggers an embedded video player. The project demonstrates smooth UI interactions, efficient state management, and a clean, responsive layout.
- **Tech Stack:** HTML, CSS, JAVASCRIPT, REACT.
- **WEBSITE:** https://ezhilrond.github.io/visualflow-react/

RECIPE FINDER USING FETCH API

- **Features:** A JavaScript app that uses the Fetch API to search recipes by keyword and display results dynamically with a clean, responsive interface.
- **Tech Stack:** HTML, CSS, JAVASCRIPT.
- **WEBSITE:** https://ezhilrond.github.io/receipe-finder/
